THE OMEGA STAFF

Become a smarter consumer and Avoid Fraud:

Know who you're dealing with. In any transaction you conduct, make sure to check with your state or local consumer protection agency or even the Better Business Bureau (BBB) to see the credibility of the seller, charity, company, or organization in question.

Be especially wary if the entity is unfamiliar to you.

Always call the number found directly on a trusted website's contact information to make sure the number legitimately belongs to the entity you are dealing with.

Fraud prevention starts with Verification!
